PRICE 2 CENTS

GIVE GIRL CHLOROFORM; CHARGED WITH MURDER

MEMBERS OF SHAKER COLONY TELL
WHOLE STORY AND BELIEVE THEY
ARE IN THE RIGHT--BUSINESS
MEN FURNISH BONDS

Kissimmee, Fla., Sept. 13.—Hopelessly stricken with tuberculosis, Sister Sadie L. Merchant, of the Shaker colony, was put out of misery by the administration of chloroform at her own request. Brother Egbert B. Gillette and Sister Elizabeth Sears are under arrest, charged with murder.

Sheriff Prevatt and Judge A. F. Parker have visited the Shaker colony, where they were informed that those charged with Sister Sadie's murder feel as if they had performed only

their duty to God and to a member of the household.

The Shaker colony is located about nine miles east of this place. The members take no part in politics, have no use for courts. They tell the truth under all circumstances.

Brother Gillette, in jail, says that Sister Sadie came to the colony six years and three months ago. She was ill from tuberculosis. His story:

"She had been suffering terribly from consumption for several weeks, and we all knew that the time was short when she would be called. A week ago the climax was reached. She was in what everyone knows to be the last stage of consumption."

"Sister Sadie always told us to let her die in peace and without pain, and asked Sister Elizabeth that day to let her get out of the body."

"She refused to eat anything more after that."

"Sunday night she suffered terribly, and toward morning begged us to kill her."

"I went to St. Cloud at daylight Monday and got some opiates to ease her, and gave her all I brought, which seemed to soothe her pain."

"I went to St. Cloud for more, and when I gave them to her she could not take them. She suffered so that again I went to St. Cloud and got two ounces of chloroform, which I gave her on a cloth and she went to sleep."

"I went to St. Cloud again and got six or eight ounces more of chloroform, and when I returned I found she had come out from under the influence of the first I had given her, and I gave her another dose. She passed away at 5:30 p.m."

"Every time I gave her anything I asked her, 'Sadie, do you want this?' and she would say, 'Yes.'

"Before I gave her the last sleeping potion, I made it a special point to tell her that if she wanted to hang on and suffer out, that we would do everything possible to help her."

"She wanted us to do as we did, and urged us to give her the chloroform."

"I think I did right, and my conscience is perfectly at ease."

Gillette's bond, \$5,000, and that of Sister Sears, \$2,000, were signed by prominent men here.

ORGANIZE WOLVERINE CLUB

MICHIGAN RESIDENTS START
ORGANIZATION IN SPOKANE
WITH 100 MEMBERS.

Spokane, Wash., Sept. 13.—Former residents of Michigan, now living in Spokane, organized the Wolverine Club with 100 members and these officers at a picnic in Union Park yesterday:

Past president, Dr. Frank Taylor; president, L. V. LeClaire; vice-president, G. S. Schoemaker; secretary, N. H. Smith; treasurer, A. C. Burrows.

The Michigan Embroidery Club has also elected its officers for the new year, the first meeting of the society was held in Liberty park Sept. 7. The officers are:

Past president, Mrs. Little Meeks; president, Mrs. Inez P. Smith; vice-president, Mrs. Lillian Campbell; secretary, Mrs. Sarah Stanley; treasurer, Mrs. Carrie Davidson.

Selections from the writings of Will H. Carleton, poet of Michigan, given by Mrs. Hodges, and several interesting talks recalling reminiscences of the Michigan country were given by Jerome O. Blodgett, Frank Taylor and Mrs. Davidson.

SETS SELF AFIRE AND DIES

Woman Touches Match to Clothes
and Survives Three Weeks.

Grand Rapids, Mich., Sept. 13.—Transforming herself into a living torch by setting her clothing on fire, Mrs. Birney Norton, fifty years old, of Troutman, died here in the detention hospital, where she had been confined as an inmate.

Mrs. Norton was brought here three weeks ago, suffering from dementia. While she was left unguarded for a moment on the porch of the second floor, she obtained a match by reaching through the bathroom window. A moment later her clothing was in flames. Although the flames were quickly extinguished the shock proved too great for her enfeebled condition.

NOTICE TO HUNTERS.

Hunters are hereby warned against trespassing on farms of the undersigned during any season of the year. Dogs caught on these farms will be shot.

HOKO SMITH

Georgia Governor Chums
with Harmon of Ohio.

VOLCANO THREATENS 65 CITIES

SCOUTS GIVEN PREFERENCE OVER NATIONAL GUARDS

A gratifying feature of the invitation for the Boy Scouts of Ypsilanti and Detroit to act as escort to President Taft on Monday in Detroit is that the Scouts were given the preference over the national troops in this regard. The original plan had been to invite the troops from Fort Wayne to escort the chief executive on this occasion, and their bright uniforms and flashing arms would have made a brilliant note in the line. But through the influence of Milton A. McRae in Detroit, who is greatly interested in scouting affairs, the invitation was extended to the Boy Scouts and not to the Fort Wayne troops.

The management of Boy Scouts affairs in Ypsilanti, while realizing that this is to be a singularly happy treat for the boys and one which their memories will cherish always, still do not lose sight of the fact that for the city of Ypsilanti to be represented by their young boys and men on this occasion will advertise the city very acceptably. Ypsilanti will probably divide the honors of the event only with one other troop of scouts—those of Detroit, and the Detroit men are as keen as those in Ypsilanti that the representation of Scouts shall be large and, if possible, complete.

Scoutmasters Gordon and Norton will assume charge of the boys.

H. C. Gordon and Frank Norton have been requested by Eugene Foster to come into Detroit to go over the ground thoroughly so as to understand perfectly the plans governing next Monday's procedure.

PAVING WORK COMMENCED

PREPARATIONS UNDER WAY FOR TAR-CONCRETE COVERING ON CROSS STREET HILL.

The work of paving the Cross street bridge and the block west of the bridge to Huron street has been begun. The south half of the road will be done first. The pavement will be of the Groves tar-concrete with about 16 feet of cedar blocks in the middle of the road on the hill.

WOULD HAVE THE PEOPLE KNOW WHAT THEY BUY

San Antonio, Texas, Sept. 13.—Dr. J. S. Abbott, head of the state pure food commission, is determined that the people shall know what they are using when drugs are sold and has sent out a circular instructing all druggists throughout the state to use common names instead of technical terms in showing the constituent parts of prescriptions. He says that when chloroform is used it should be labeled chloroform instead of "trichloro-methane," and that alcohol should be labeled alcohol instead of "ethyl hydroxide."

Dr. Abbott says that in the future all county attorneys who are negligent in prosecuting offenders against the pure food and drug law will be exposed to their constituents. This is in line with Dr. Abbott's strong fight for pure food in Texas.

LOS ANGELES HAS McNAMARA

Judge Rules John J. Need Not Be
Taken Back to Indianapolis.

Los Angeles, Cal., Sept. 13.—Judge Bordwell, before whom John J. and James B. McNamara will be tried Oct. 11, on indictments charging them with dynamiting and murder in connection with the blowing up of the Los Angeles Times plant, ruled that John J. McNamara must be tried in Los Angeles and not at Indianapolis, from which city it was asserted he had been kidnapped, as the defense had requested. The bill of exceptions filed by counsel for McNamara questioned the jurisdiction of the superior court, but the court held it had jurisdiction.

Cyrus McNutt, one of the attorneys for the defense, stated there would be no appeal from his decision.

NAB "GOLD BRICK" KING

Important Capture Made by Govern-
ment Detectives in Chicago.

Chicago, Sept. 13.—In the arrest of S. A. Potter, alias George W. Post, government detectives declare they have captured one of the most famous "gold brick" and "green goods" men in the world.

Potter and his accomplices are said to have cleaned up \$1,500,000 within the last few years.

YPSILANTI HOME ASSOCIATION STARTS WORK OF A NEW YEAR

The Ypsilanti Home Association held its opening meeting of the new year at the home of Miss Alice Gilbert on Grove street. The thirty ladies present included four guests. Two new members joined the association.

The cash expended during the past month amounted to \$13.75 and the clothing to \$9.50.

The committees for the coming year are as follows: First ward, Mrs. S. J. Wilcox, Mrs. M. H. Webb and Mrs. Caroline Phillips, who will take the work among the colored people which Mrs. William Webb, resigned; second ward, Mrs. C. S. Barrett, Mrs. Alice Roberts; third ward, Mrs. Homer Briggs, Mrs. Alfred Jarvis; fourth ward, Mrs. Eunice Garty, Mrs. Elizabeth Swaine, in place of Mrs. H. S. Platt, resigned; fifth ward, Mrs. Jerome German, Mrs. J. B. Schlicht; at large, Mrs. Sumner Damon, Mrs. Kate Walsh.

The October meeting will be held at the home of Mrs. Norval Ayers, on Maple street.

CHAS. TAYLOR GETS 65 DAYS IN DETROIT HOUSE OF CORRECTION

The trial of Charles Taylor, who was arrested Sept. 7 on a charge of assault and battery, was held before Prosecuting Atty. Burk Tuesday morning. He was found guilty and sentenced to the Detroit House of Correction for 65 days. He was arraigned before Justice Stadtmaier Sept. 8 and plead not guilty. The complainant was Charles James.

MISS JESSIE PHELPS TO SUCCEED PROF. MAGERS AT NORMAL

Miss Jessie Phelps who has been doing special biological work at Douglass Lake the past summer, has returned. She will take Prof. Magers' physiology classes as he goes to the Marquette normal this fall and her classes will be taken by Miss Meta Daniels who was an assistant in the department last year.

If you want to buy, sell, rent, or exchange property try the Daily Press

Mrs. Nettie Hubbard will continue her dressmaking at 412 North Washington street after Sept. 16. 912-914

MT. ETNA ASSUMING PROPORTIONS OF SERIOUS DISASTER--AREA OF 400 SQUARE MILES WITH POPULATION OF 300,000 IS IN DANGER)

PEOPLE PANIC STRICKEN

REGIONS OF LAVA COVERED EARTH TORN OPEN BY SHOCKS, RAILWAY STATIONS ARE ABANDONED: NAPLES PROFESSOR MAKES OBSERVATIONS IN CRATER OF MT. VEUVSIUS AT GREAT RISK OF LIFE

Catania, Italy, Sept. 13.—An area of 400 square miles, including 65 cities and villages and supporting a population of 300,000 is threatened by an eruption of Mt. Etna. The people are panic stricken.

The crest presents a terrifying spectacle. Heavy smoke lies over it, with frequent brilliant flashes, and the bombardment which is continuous along a line nearly two miles in extent, is like the firing of heavy artillery. A torrent of burning lava, estimated at 2,000 feet wide and four feet deep, is pouring down the slope. Everything in its way has been carried before. Groves of trees have been uprooted and set on fire and the lava stream is sweeping through the fields, sending out for miles around, hot, resonant wave of smoke.

The peasants have left their homes, carrying with them the aged, the sick and the children and whatever meager belongings they were able to get together.

Whole regions covered with hardened lava from past eruptions have been torn open by the frequent earth shocks. Many of these have been of great violence and the peasants fear a repetition of the Messina disaster.

The gravity of the eruption is indicated by the abandonment of the railway stations of Moio and Alcantara at the north of the volcano. Alcantara marked the limit of the lava flow in the eruption of 1879. Moio was threatened at that time, but escaped.

The eruption means great suffering for the peasantry. The slopes of Etna, with an area of more than 400 square miles, support a population more dense than that of any other portion of Sicily or Italy. The fertile lava beds, with their immense vineyards and nut woods, supply an excellent living for 300,000 people.

Naples, Sept. 13.—Surrounded by swirling flames and suffocating gases, and with the sinister rumbling of subterranean convulsions thundering in his ears, Prof. Capello, of the Royal observatory, defied nature in its most terrifying form when he caused himself to be lowered into the smoking maw of Vesuvius yesterday.

The eruptions of Etna, which are usually followed by disturbances from the mighty destroyer of Pompeii and Herculaneum, moved the scientist to his fear in order that he might take observations which would be useful in forecasting future menaces from Europe's unchained monster.

Prof. Capello had made thorough preparations for his descent and, accompanied by a corps of assistants, he appeared on the summit of the volcano today with an oxygen helmet and other appliances ready to invade the vitals of the earth.

CHARGES BIG BRIBE IN GARY

Warrant Is Sworn Out Against Former Commissioner.

Gary, Ind., Sept. 13.—A warrant charging John J. Nihoff, former commissioner of public works of Gary, with soliciting a bribe of \$10,000 was placed in the hands of Deputy Sheriff Morris for service. The charges are made by T. B. Dean, who caused the arrest of Mayor Knotts and five aldermen on charges of bribery in connection with granting a heating franchise.

It is alleged Nihoff demanded \$10,000 of Dean for a coal yard, saying that the heating franchise would be granted if Dean took over Nihoff's coal yard.

STRIKERS BEAT A MAN

Cleveland Street Car Men Hit a Guard with Clubs and Lead Pipe.

Cleveland, O., Sept. 13.—Thirty men held up a street car at East Twenty-second street and Broadway and, removing William Jamer, a strike guard living at 1623 Crawford road, beat him unconscious with clubs and pieces of lead pipe.

He was removed to a hospital, after the police, making a hasty run, had rescued him from his assailants.

Louis McCraith Stricken. Grand Rapids, Mich., Sept. 13.—Captain Louis McCraith, one of Grand Rapids' most prominent citizens and noted horseman, was stricken with apoplexy. His condition is critical.

REPUBLICANS WAR OVER MAYORALTY NOMINATION IN PHILADELPHIA

Philadelphia, Sept. 13.—The mayoralty nomination contest between Recorder William S. Vare and George H. Earle, Jr., grows hotter each day. These two aspirants for the Republican nomination have attacked each other on the stump. Earle is backed by the regular state and local Republican organization. Vare is supported by Mayor Reyburn and various local officeholders. Senator Penrose, state leader, opposes Vare and is supporting Earle.

WEDNESDAY, SEPTEMBER 13, 1911

REMEMBER OUR CITY TONIGHT.

We again call your attention to the annual meeting of the Ypsilanti Industrial Association, to be held at the Masonic Temple at 7:30 tonight. We again emphasize our belief that this is every citizen's business and ought to be attended to in person. Why not make this the occasion for a rousing get-together—push-Ypsilanti mass meeting? Join the association if you have not; but, whether you are ready to join yet or not, be there. See what is going on. Suggest something. Be a part of your city that always be counted for the city's welfare.

We believe firmly that for the same reason that advertising is the great business promoter of the present age for the private business, just so is it the same potent promoter of the municipality. The same principles of wholesome publicity obtain, whether the single individual is advertising, or whether it be a group associated in a partnership, or a corporation, or a larger group associated in the form of a municipal corporation, such as is our city.

Advertising of course is of a multitude of forms. Whether it be by every enthusiastic citizen maintaining a demeanor of optimism at home and abroad and speaking a good word of and for his home town at home and while away from home and speaking a good word for the goods manufactured in his home town, whether he be at home or away from home, and speaking a good word for the business institutions and the worthy citizens of his own town while at home or away from home; or whether it be the use of "booster" envelopes and stationery every time he mails a letter; or whether it be by the use of some more expensive form of literature to be mailed out; or whether it be in the more comprehensive way that has been adopted by so many municipalities now that many of the great metropolitan dailies have established a department to meet the demands of this kind of advertising.

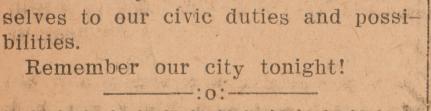

On our desk today lies an elaborate brochure issued by one of the great Chicago dailies, entitled "Modern Municipal Industrial Promotion," and giving several pages of illustrations of what Michigan municipalities are doing along this line. Speaking especially of the activities of the Middle West, this statement is used: "Within the past year the industrial development of our cities in the Middle West has been so great that every interest has been given publicity in one form or another for the purpose of inducing capital to come to these cities to be permanently employed in developing the natural resources of the municipality or in manufacturing."

The Middle West is at a disadvantage as compared with us because of their remote location from the great centers of population and because of their inferior transportation facilities and yet they are succeeding in their municipal promotion enterprises so as to attract the attention of all parts of the country. If such well recognized methods of advertising can spell success for a town away off on a distant prairie, can there be any valid reason why the success of the same methods if applied to the natural advantages we have should not be even more pronounced?

Ypsilanti will shortly be at the threshold of the electrical division of the great Michigan Central system out of Detroit. Its transportation facilities to Detroit outrank by far any of the nearby cities. And Mt. Clemens is already urging Detroit to regard her as a suburb and to advertise her as such, by which she hopes to receive a great deal of gratuitous and profitable advertising, we presume. She has long advertised her largest asset, her mineral water. It has built the city of Mt. Clemens and it sustains the city of Mt. Clemens. And we have the same asset left to lie essentially dormant, and this after it has already been established as the equal, if not the superior, of the Mt. Clemens water.

After a fire had swept a little Michigan city from off the map, the mettle of its citizenship manifested itself and fifty buildings are already up and industries going, while the people throughout the state are still collecting and forwarding supplies for the fire sufferers. We hope it will not be necessary for a disaster to overtake our city before we awaken ourselves to our civic duties and possibilities.

Remember our city tonight!

STATE

CHELSEA—Local officers made quite a clean up of drunks Saturday. Out of seven brought up before the

justice, six pleaded guilty.

LANSING—Governor Osborn has appointed Dr. J. W. Ward as member of the state veterinary board to succeed Dr. Geo. Hare of Allegan.

NATIONAL

CHICAGO—6466 students registered in the University of Chicago last year. NEW YORK—Thirty-seven millions is the approximate sum the board of education will request for school maintenance in 1912.

GLOUCESTER, Mass.—John Hays Hammond has bought the S. V. Colby estate on Eastern Ave. in this city and proposes to make of it a permanent home for retired fishermen. It will comfortably house 15 or 20 men. There are about 15 acres connected with the place. The coast view is superb.

AKRON, Ohio—One of the greatest tasks ever undertaken in a rubber factory in this country has been completed here in the manufacture of the gas bag for the big airship in which Melvin Vaniman will attempt to fly across the Atlantic Ocean. This is said to be the only dirigible balloon of the first-class ever manufactured outside of Europe. The balloon is 268 feet long and 45 feet wide at its largest diameter. In order to make the envelope gas tight it was necessary to cement each seam before stitching it and then to cement a piece of tape on each side of it. The fabric is built up of three layers of cotton cloth sandwiches in between four layers of rubber. Though only .03 of an inch thick it will stand a tensile strength of 160 pounds to the inch. It weighed 4400 pounds.

ATCHINSON, Kan.—An association to secure the commission form of government for this city was organized here recently.

TACOMA, Wash.—Involving an expenditure of \$5,000,000 and employing thousands of laborers and skilled men, improvements of an unusual nature are now under way in Tacoma. Three of the projects are municipal works and one, improvements at the Cushman Trades School on the Puyallup Indian reservation, is by the federal government. The Nisqually electric power plant will cost \$2,000,000 and the Green river gravity water supply will cost \$1,850,000. Besides these, the city has also under way work on two big steel bridges of the vertical lift type and a new municipal dock has been authorized by the city.

BLOOMINGDALE, Ind.—Following the location of the exact center of population of the United States at the site of the manufacturing company of which he is president, W. N. Showers has decided to erect a monument on the spot.

ST. PAUL, Minn.—Four honor medals for life saving were pinned on Boy Scouts of America today by Gov. A. O. Eberhart. Their decoration with medals was one of the last events of the three days' state camp of the Boy Scouts of America in the fair grounds.

These medals, which were given for alertness and bravery by the boys, are awarded under the authority of the executive board of the Boy Scouts of America.

SPRINGFIELD, Ill.—A society having for its object the preservation of the birthplace of Daniel Webster at Salisbury, N. H., was granted a charter by the secretary of state. It is to be known as the Daniel Webster Birthplace Association.

MONROE, Wis.—That the city water works plant was a financial success last year is shown by the fact that there is a net revenue of \$1428 for the year ending June 30.

NEW YORK—William J. Bryan has called on Theodore Roosevelt at the Outlook office.

RAYMOND, Wash.—A spruce tree cut here when ready for lading required seven cars, all loaded to their capacity to transport it to tide-water measured more than eleven feet across the butt and contained more than 50,000 feet of lumber.

FOSTORIA, Ohio—Henry J. Adams and a party have completed their trip of 1700 miles around Lake Michigan, this being the first time the great lake had ever been encircled by automobile.

FOREIGN

BOULOGNE—A party of 60 boy scouts from England has come to France and is now encamped at Hardelot with a company of French scouts. These English boys are to make scouting popular here by rendering acts of service to the farmers and others about them. Among their number is an American scout who was spending a holiday in England.

EDINBURGH—King George has become a patron of the Scottish national council of the Y. M. C. A.

DUBLIN—At the Horticultural Society's autumn show a very interesting part of the exhibit was that made by the Vacant Land Cultivation Society. These gardens are made and cared for by men who are out of employment or have only casual work.

LONDON—A remarkable Welsh gathering took place in Downing street when Mr. Lloyd-George entertained a party of Welsh-Americans who had come across the ocean to be present at Carmarthen.

ROME—It is announced from Casale Monferrato that the King of Italy made a flight in the dirigible P. 2 recently. The flight lasted about half an hour.

Conquer Self-Distrust.

Self-distrust is the cause of most of our failures. In the assurance of strength there is strength, and they are the weakest, however strong, who have no faith in themselves or their powers.—Boeve.

SAYS FARMER SHOULD BE CONSIDERED BY CONGRESS

Washington, Sept. 13.—One of the new progressive Congressmen, Hon. Ira C. Copey, of the 11th Illinois district, a successful, shrewd business man, says in a recent interview that whether or not the farmer would be hurt by reciprocity with Canada would made little difference; that if he only thought he was hurt and thereby reduced his expenditures temporarily, the jobbers and manufacturers in the remotest parts of the United States would feel the effects and Wall Street would respond to the resulting stringency in trade.

"The lemon growers showed very conclusively that their competition with the imported fruit had kept prices down, and that the tariff, while it contributed substantially to the treasury, was a burden on the foreigner only, if indeed on him. But that did not affect the men who had Italian vines in their districts and so cared nothing for lemon growers whose votes could not help or hinder their political fortunes. Still, if the lemon growers, the orange growers, the raisin, olive, fig, walnut and grape growers and all the other specialists who have to make considerable investments and wait years for returns, become alarmed at the threat of reductions of the tariff on their products, will not the cotton mills of the South and of Fall River, the shoe factories of Massachusetts, the automobile makers, the woolen men, the jewelry manufacturers, the thousand and one crafts in all parts of the country, feel the tightening of the purse strings and find their balances smaller at their bankers, and be constrained to lay off hands to be on the safe side of the market?

"Perhaps the tariff revisers would do well to study the possible results before they undertake to make changes that will frighten the farming classes," which, as Congressman Copey says, "possess 50 per cent of the purchasing power of the country."

Will Cole and daughter, Edna, were Sunday callers at Rod Biddle's.

Mr. and Mrs. Tracy Smith have gone East for a two weeks' visit with friends.

Mrs. Fred Cook and Miss Ethel Poter of Ann Arbor spent one day last week with Mrs. Rod Biddle.

Drias Hamilton spent Saturday afternoon with Rod Biddle.

OBJECT LESSON FOR FARMERS AT PRODUCE SHOW

Grand Rapids, Mich., Sept. 13.—The Michigan Agricultural college is to have an unusual "object lesson school" at the first Michigan Land and Apple show in Grand Rapids next November at which fruit growers, farmers, buyers, and the general public will have a chance to reap the benefits of the extensive experiments and the diligent study whereby the college experts have sought to solve the horticultural and agricultural problems of the state and to develop Michigan soil and climate to their highest producing efficiency.

It will be shown the many varieties of apples grown at the Horticultural Experiment station maintained by the state at South Haven. These include many varieties of apples not generally grown in Michigan, and that could be found in no other display.

The station has been conducting wide experiments with a view to finding just what kinds of apples will do best in Michigan and which will yield the greater returns to the grower.

In addition the Agricultural college will show in an impressive way the benefits derived from scientific farming and the use of proper methods in combating diseases and parasites.

Specimens of trees and fruit grown in the old, neglectful way, the prey of various pests, will be shown in contrast to healthy, wholesome fruit and trees protected by proper spraying and developed by proper care. There will also be shown samples of various pests and their depredations, so that growers and others may become familiar with them and guard against them.

The exhibit will be in charge of experts from the Agricultural college, and it may be regarded as a practical school with sound and valuable lessons for every person who seeks information along orchard or farm lines.

Pleasant D. of H. Meeting.
The Degree of Honor held a very
enjoyable meeting Tuesday at the
home of A. B. Scott. There were
about 40 present. A program of music
and games and guessing contests, be-
sides a nice supper, filled the time ac-
ceptably.

Celebrate 86th Birthday.

The 86th birthday of Spencer L.
Shaw was celebrated Tuesday at the
supper which the W. R. C. gave at
the home of his daughter, Mrs. J. W.
Garty, 18 Cross street. Fifty of his
friends were present, and a big cake
and other features of the occasion
were much enjoyed by Mr. Shaw. A
collection was taken for the benefit
of the W. R. C.

B. Y. P. U. Business Meeting.

The Baptist Young People's Union
held its regular business meeting
Tuesday evening with Phelps Crouse.
About 20 were present. Miss Lela
Greer presided over the business meet-
ing, at which reports were read show-
ing that the union had had a very
successful financial year, with good
prospects for the coming season. The
young people planned to hold a re-
ception for the students during the
second week in October, at a place
not determined. The topics and leaders
for the Sunday evening meetings
were arranged. It was decided that
the junior meetings should begin Sun-
day. Light refreshments were served
at the close of the business meeting
and the remainder of the time spent
socially.

Mr. and Mrs. R. V. Parsons and
daughter Katherine have arrived in
Ypsilanti to spend the week-end.

Mr. and Mrs. Peyton Sullivan and
Mr. and Mrs. Morgan R. Kavanaugh
motored out from Detroit to take dinner
with Mr. and Mrs. Frank Joslyn
on Sunday night.

The customary mid-week service of
the Christian Science society will be
held this evening at 7:30 in the hall
at 125 W. Congress St.

Clarence Corbett who was recently
operated on for appendicitis is doing
as well as could be expected.

Mr. and Mrs. Ed. Lamb of Ellis
street were in Detroit Sunday to see
the former's brother, W. L. Eastlake,
of Kansas City, who was on his way
to Chicago on business for the Armour
Packing company.

Dr. and Mrs. G. M. Hull and Mr.
and Mrs. W. E. McLeod are expected home
today from Camp Newton, Alger coun-
try, where they have been spending
the past few weeks on a camping trip.

Mrs. Harlow Wells and Mrs. Eliza
Wells were in Wyandotte Tuesday to
attend the funeral of a nephew of the
latter.

Clifford Sanderson is confined to the
house by illness.

Mr. and Mrs. Ed. Lamb have moved
from 207 Summit street to 915 Ellis
street.

Mr. and Mrs. Carl Roberts of Wash-
ington, Iowa, have been spending the
past few weeks with Mr. and Mrs.
Hoover on their way home from Bos-
ton, Mass.

FOR CONSTIPATION

A Medicine that Does Not Cost Any-
thing Unless It Satisfies.

The active medicinal ingredients of
Rexall Orderlies, which is odorless,
tasteless and colorless, is an entirely
new discovery. Combined with other
extremely valuable ingredients, it
forms a perfect bowel regulator, in-
testinal invigorator and strengthener.
Rexall Orderlies are eaten like candy,
and are notable for their agreeableness
to the palate and gentleness of
action. They do not cause griping or any
disagreeable effect or incon-
venience.

Unlike other preparations for a like
purpose, they do not create a habit,
but instead they overcome the cause
of habit acquired through the use of
ordinary laxatives, cathartics and
harsh physic, and permanently remove
the cause of constipation or irregular
bowel action.

We will refund your money without
argument if they do not do as we say
they will. Three sizes, 50c, 25c and
10c. Sold only at our store—The
Rexall Store—Weinmann-Matthews
Co., 118 Congress St.

Miss Mary Hoover of Detroit is vis-
iting her parents, Mr. and Mrs. J. M.
Hoover, at 111 Perrin street.

The names of the secretary, Mrs.
Annie Carpenter, and the treasurer,
Mrs. May D. Comstock, were omitted
from the list of the officers of the
Eastern Star in Tuesday's paper.

A. E. Parkinson, assistant in the geo-
graphy department of the Normal Col-
lege, has recently returned from a
geographical expedition in northern
Wisconsin.

Mrs. Frances Carson of Richmond
is the guest of Mrs. George Brown of
West Congress street.

Frank McKeand of Pasadena, Calif.,
is visiting at the home of Mrs. John
Boyce. Mr. McKeand was formerly a
resident of this city.

Mr. and Mrs. C. S. Wortley attended
a regimental reunion at Jackson, Tues-
day.

Miss Belden of Ashtabula, O., has
resumed her position as head trimmer
at May E. Crane's millinery store after
her summer's vacation.

Prof. J. Stuart Lathers and mother
have returned from Portage Lake
where they have been spending some
time at their cottage.

The many friend of Miss Bessie Ball
during her attendance at the Michigan
State Normal College will regret to
learn that her father has just passed
away at their summer home in Bay
View. He will be buried at Mason.

Mrs. Mary Tyler accompanied Miss
Gladys Tyler to Battle Creek, where
she is to teach this year, in order to
get her settled. Mrs. Tyler will return
this week.

Mrs. C. E. Cooper and Miss Hazel
and their guest, Mrs. Cooper of Chi-
cago, went to Detroit Tuesday.

Mr. and Mrs. Charles Faragher of
Lorraine, O., returned to their home
Monday, after visiting at the home of
Mr. and Mrs. Bert Bunton.

Mrs. Nellie May Hewitt leaves on
Friday to visit her son, John Hewitt, at
Crown King, Arizona. She will be
away until the first of November.

Miss Laura Pullen who has been
spending the past few weeks' vacation
with friends in this city has returned to
Coldwater where she will resume
her work in the public schools.

Mrs. George Whitmire has re-
turned from a month's visit with her
sister, Mrs. Harry Blackmore, at Hart-
ford, Conn. Mrs. Whitmire and Mrs.
Blackmore went to New Haven, New
Britain, New York City and Coney
Island while on the trip.

Anthony Whitmire is expected home
today from a summer's engagement at
Point Aux Barques.

Rev. J. M. Richmand who closed his
pastorate of the First Presbyterian
church of Ypsilanti October 3, 1881,
was in the city a few hours today.

Mrs. Herman Hulsmann of New
York has been spending the past few
days in the city the guest of Mrs.
D. F. Haynor. Mrs. Hulsmann, who
was formerly a student at the Normal
Conservatory.

James Millspaugh of Battle Creek,
formerly of Ypsilanti, is spending a
few days with relatives in the city.

J. Max Davis of Detroit is an Ypsi-
lanti business visitor today.

George Brandt of Coldwater has re-
sumed his duties at the Cleary Busi-
ness College after a short vacation.

Mr. and Mrs. J. W. Childs of Howell
who have been the guest of Mr.
and Mrs. J. M. Hoover of 111 Perrin
street for the past few days, have re-
turned home.

Mr. and Mrs. J. F. Preston of Battle
Creek who have been guests at the
home of Mr. and Mrs. J. M. Hoover,
have returned to their home.

Mrs. Charles Brown and son, Clar-
ence, of Hudson were the guests of
Mrs. Hiram Fisk, Tuesday. Mr. Brown
will enter the University at Ann Arbor
this fall.

Miss Lou Shipman has returned
from a short stay at Marshall.

H. E. VanDeWalker has returned
from a business trip at Milwaukee and
from Grand Rapids where he attended
the grand lodge of the Knights of Pythias.

Miss Florence Wilson who has been
teaching at Charlevoix the past year
will enter the U. of M. this fall.

Miss Ethel Geer who taught at Mar-
lette last year will enter the U. of M.
this fall.

Who does not know the value of
sage and sulphur for keeping the hair
dark, soft, glossy and in good condition?

As a matter of fact, sulphur is a
natural element of hair, and a defi-
ciency of it in the hair is held by
many scalp specialists to be connected
with loss of color and vitality of the
hair. Unquestionably there is no
better remedy for hair and scalp
troubles, especially premature gray-
ness, than sage and sulphur, if prop-
erly prepared. The Wyeth Chemical
Company of New York put up an ideal
remedy of this kind, called Wyeth's
Sage and Sulphur Hair Remedy, and
authorized druggists to sell it under
guarantee that the money will be re-
funded if it fails to do exactly as
represented.

If you have dandruff, or if your hair
is thin or turning gray, get a bottle
of this remedy from your druggist
today and see what it will do for you.

This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all drug-
ists. Special Agent, Weinmann-Mat-
thews Co., 118 Congress Street.

FOR SALE—100 bushels of grapes at
market price, delivered. Call phone
508-J or J. B. Russell, 402 South
Washington St., Ypsilanti. 305-1004

AUCTION—There will be an auction
sale of a full line of household goods at
952 Ellis street, Saturday, Sept.
16, at 1 o'clock. 913-915

Michigan—General fair except
probable showers in extreme west
portion tonight and Thursday. Prob-
ably frost in north portion. Temper-
ature at noon, 52.

STORM HITS MICHIGAN

Much Damage Wrought in Southern
Part of Wexford County.

Tustin, Mich., Sept. 13.—A wind
storm of cyclonic proportions swept
through the southern part of Wexford
county at dusk, doing much damage in
several villages. A call for a relief
train was brought to Tustin from Hobart,
five miles south of Cadillac, but
wire communication with points
where an engine could be obtained was
cut off.

Hobart suffered serious damage,
much property there being destroyed.
The school house and several other
buildings were blown down. A relief
party was sent from Tustin to Hobart,
but at midnight had not returned.

OSBORN WILL NOT BE THERE

Daughter's Wedding Will Keep Him
from Kazoo Taft Banquet.

Kalamazoo, Mich., Sept. 13.—Be-
cause he must stay at home and give
his daughter away, Governor Chase S.
Osborn will not be able to attend the
banquet that will take place in Kala-
mazoo Sept. 21, when President Taft
comes here.

Governor Osborn had been named
as one of the speakers of the affair,
but his daughter is to be wedded on
Sept. 20, he writes, and therefore finds it
necessary to stay at home.

Extra Ride Cost Him Dear.

Ionia, Mich., Sept. 13.—Matt Reed,
who gave his residence as Grand
Ledge and his place of employment as
Williamston, was arrested here be-
cause he refused to leave the Pere
Marquette train at the destination in-
dicated on his ticket. He was in such
a state of intoxication that local of-
ficers arrested him and he was fined \$10.50.

Decision Favors United States.

Grand Rapids, Mich., Sept. 13.—
United States Judge Denison awarded
the Chandler-Dunbar company of
Sault Ste. Marie approximately \$700,-
000 for its property taken over by the
government for the construction of
ship locks at the Soo. The company
claimed that the property involved
was worth more than \$7,000,000.

Robbed of Wife's Passage Money.

Saginaw, Mich., Sept. 13.—After
drawing \$40 from a bank to send to
his wife in Poland, whom he has not seen
in four years, so she could come to
Saginaw, Stanley Stick was robbed.
He left his money on the dinner
table and when he returned at noon
someone had entered his home and stolen
it.

Found Dead with Throat Cut.

Petoskey, Mich., Sept. 13.—Gordon
French, aged sixty years, a well
known farmer living a mile southwest of
Petoskey, was found dead in a
grove a quarter of a mile from his home.
He had killed himself by cutting
his throat with a butcher knife.

Babe Drowns in Tub of Water.

Rogers City, Mich., Sept. 13.—Laurenne,
the infant child of Mr. and
Mrs. William Stricker, was drowned
in a tub of water while the mother
was across the street at a nearby
store. Mr. Stricker is in Chicago and
the mother is prostrated.

Date Fixed for Installation.

Grand Rapids, Mich., Sept. 13.—
Bishop Schrems named Oct. 4 as the
date for the installation as bishop of
the diocese of Toledo. Bishop Henry
Joseph Richter of the diocese of western
Michigan will preach the installa-
tion sermon.

A HARMLESS WAY TO DARKEN THE HAIR

A LITTLE SAGE AND SULPHUR
MAKES GRAY HAIR VANISH—A
REMEDY FOR HAIR TROUBLES.

Who does not know the value of
sage and sulphur for keeping the hair
dark, soft, glossy and in good condition?

As a matter of fact, sulphur is a
natural element of hair, and a defi-
ciency of it in the hair is held by
many scalp specialists to be connected
with loss of color and vitality of the
hair. Unquestionably there is no
better remedy for hair and scalp
troubles, especially premature gray-
ness, than sage and sulphur, if prop
